JOHNNIE AGNEW, county commissioner from Hamlin precinct, E. A. (Tooter) Hewitt and some other aging fellows were jousting about the problems of becoming bald-headed the other day within ear-shot of this columnist.

One fellow declared to Rev. Calvin Bailey, who was also in the crowd, that one man's balding head reminded him of heaven—because there is no parting there. Agnew commented that a bald pate reminds him of a modern type automobile—a shiny hard-top with white side-walls.

AN ANONYMOUS WRITER has elaborated on the old adage that "he'd rather see a sermon than hear one any day" by attaching some more rhyming words that are apropos:

I'd rather see a sermon than hear one any day.
I'd rather one would walk with me than merely tell the way.
The eye's a better pupil and more willing than the ear.
Fine counsel is confusing, but example's always clear.
The best of all the preacher are the men who live their creeds.
For to see good put in action is what everybody needs.
I soon can learn to do it, if you'll let me see it done;
I can watch your hands in action, but your tongue too fast may run.
The lectures you deliver may be wise and true.
But I'd rather get my lessons by observing what you do.
I may not understand the high advice you give,
But there's no misunderstanding how you act and how you live!

IT'S UNFORTUNATE that every doting granddaddy doesn't have a column like this in which to expose the antics of the grandchildren. But we want to use a little space to bespeak outstanding success for one of ours.

Grandsons Dubby and Mike of Abilene were to spend a couple of weeks with us. They were getting a big kick out of going every day with their grandmother and others of the office force on the daily coffee break and having a cold drink.

PERT PARAGRAPHS that have accumulated recently in our copy box include . . .

A professor says that any girl can make a name for herself. Wedding bells will do it.

Some fish lose a percentage of their length in death. So fishermen stretch them.

Some bosses wouldn't even raise an employee in a poker game.

A tightening job will stop the chatter in the rear of your car. So will leaving the little kids at home.

Hard work is nothing more than an accumulation of easy things you didn't do when you should have.

In choosing a life career for yourself, make it a tough one; then you won't have so much competition.

Much happiness is overlooked because it doesn't cost anything.

It takes nature about a week to cure a cold. A physician can do it in seven days.

The inexperienced shouldn't get on a frisky horse, says a dude ranch owner. We'll agree that the person is far better off.

The Country Parson

"If refusal to compromise with evil brands a man as a fanatic — then I guess what we need are more fanatics."

TO BE REMODELED FOR MOTION PICTURES—Carelgear Douglas, Miss Texas, may be pretty as a picture, but she's not pretty enough for motion pictures. A runner-up in the Miss United States event, she returned to Dallas telling of a seven-year contract with the Columbia Pictures Corporation, and the renovations that must accompany it. She said "The studio people don't like my hair and eyebrows, and say my Texas drawl had to go. But they're paying me \$200 a week, so I guess I'll let 'em fix me up."

Byrn Byrant To Be Temporary Pastor

Rev. C. Byrn Bryant, head of the public relations department at Hardin-Simmons University in Abilene, was named interim pastor of Hamlin First Baptist Church.

Smyrle Owens Opens Dealership for Norge

Smyrle Owens, former Hamlin restaurant operator, last Thursday opened a new business in the Tate May building on South Central Avenue, known as the Owens Appliance Company. The concern is a new dealership for Norge electric home appliances. Sales and service are offered for the Norge, and other makes also are serviced, Owens declares.

A new 3,000-cfm air conditioner will be given away Saturday, August 16 by the concern in connection with registrations at the new store during the opening celebration.

Nominees for County ASC Committees Named for Election to Be Held Soon

In accordance with established procedure, community election boards recently met and named a slate of 10 nominees for each of the four Agricultural Stabilization and Conservation Committee communities in the county in preparation for the holding of the annual ASC committee election, M. S. Jones, county office manager of the Jones County ASC, reported this week.

The community election boards, consisting of three eligible voters from each community, were appointed by county representatives of the extension service, the Soil Conservation Service, the Farmers Home Administration, and the Farm Bureau. The persons so appointed for each of the four communities were: Noel Weaver, Clifford Eoff and Willie Holloway for the A community; Joe Benton, Johnny Hansen and Dale King for the B community; Buford (Boots) Spraberry, Mack R. Collins, and William M. Williams for the C community; and Vessie Justice, Bobby Crow and Earl Scott for the D community.

Third Sunday Singing Group Reorganized

Group promoting the regular third Sunday singing in Hamlin has been reorganized, and will be known as the Jones and Fisher County Singing.

New officers were elected recently as follows: O. L. Cohorn, president; Irvin Keadley of Rotan, vice president; Mrs. R. L. Grubbs, secretary-treasurer.

The singing group will meet Sunday, August 16, at 2:00 p. m. at the Calvary Baptist Church in South Hamlin. The public is invited.

Good-Will Caravan Advertises Rodeo On Two-Day Trek

Hamlin Riding Club's first annual Junior Rodeo, scheduled this week-end in Hamlin, was given a big send-off last week-end over the Central West Texas territory when a two-day trek was made by a good will caravan composed of business and professional men and women and young folks of the community.

The group was headed by the deputy sheriff and visited Roby, Rotan, Jayton, Aspermont, Haskell and Stamford on Thursday. Friday the convoy visited Anson, Abilene, Merkel, Sweetwater, Sylvestor and McCaulley.

In Abilene the group was received by Mayor Pro Tem Ray Grisham, City Manager Henry Nabors and a police escort consisting of a patrol car and two motorcycles.

At each stop a group of boys and girls who ranged in ages from nine to 11, gave an exhibition of square dancing with I. R. Witt calling the set.

The booster group was well received in each town, and they met many friends on the trips.

Attendance at City Sunday Schools Sags Below 1,200 Again

After passing the 1,200 mark the previous week, Sunday School attendance at the 12 reporting Hamlin churches Sunday dropped to 1,150. The total was four more than the year ago total.

Attendance, by churches, for August 9, August 2 and a year ago follows:

Churches—	Aug. 9	Aug. 2	Year Ago
Ch. of Nazarene	82	88	72
Oak Gr. Col. Baptist	61	55	9
No. Cen. Baptist	95	77	88
First Baptist	355	367	322
Foursquare Gospel	51	58	60
First Methodist	165	172	178
Assembly of God	34	33	40
Sunset Baptist	48	57	42
Mexican Baptist	50	54	51
Calvary Baptist	50	58	53
Faith Methodist	32	60	31
Church of Christ	107	147	140
Totals	1,150	1,226	1,146

MRS. COWAN HAS GUESTS.

Mrs. Florence Cowan had as guests for several days her grandsons, Leslie III and Bob, the sons of Mr. and Mrs. Leslie Cowan II of Abilene.

WEATHERFORD VISITORS.

Mr. and Mrs. L. E. Campbell of Weatherford visited last week with their son, Rev. Royce Campbell, and family.

GREENVILLE VISITORS.

Mr. and Mrs. H. B. Addington of Greenville were visitor over the week-end in the home of Mr. and Mrs. W. S. Carter.

AND WHAT'S WRONG WITH A DOG'S LIFE?—The dog days of August seem to agree with Prissy Lou, thanks to the cooling treatment of two of the Beagle's best friends. With the mercury falling with the 100-degree mark in Dallas, Charles Warren, both four, get Prissy Lou pretty well dunked.

NEW GAVEL FOR MR. SAM—Marjane Maricle of Schulenberg presents an oak gavel to House Speaker Sam Rayburn during a Capitol Hill visit. At left is Representative Clark Thompson of Galveston. The gavel was made by Marjane's father, Ralph A. Maricle of Schulenberg. She plays the part of 'Julie' in the road show 'Showboat' now playing in nearby Maryland.

Early Maize In Area Making Bumper Yields of High Quality

Robert Smith Wins Appreciation Day Award Saturday

Robert Smith of Hamlin was the lucky winner of Saturday's Appreciation Day treasure chest with a 10 per cent coupon that paid \$44.

The winner came with the first drawing, which eliminated sending a dollar coupon to those whose names were drawn but were not present to receive the award.

Consolation prizes were provided by Hamlin Flower Shop, Hamlin Theaters and Brannon Lumber Company.

Treasure chest for this week-end will be \$485.70. The drawing will be held Saturday afternoon at 4:00 o'clock on Southwest Third Street near the bank.

NAMED interim pastor of the Hamlin First Baptist Church in church business session last Wednesday evening was Rev. Byron Bryant (above), head of the public relations department at Hardin-Simmons University in Abilene. He will preach at the church while a new pastor is being sought.

Buzzing Bumblebees Thinned Out by Kids At Will Andress Barn

The buzzing sound around the Will Andress place on Northwest Avenue C is not quite so pronounced now as it was several days ago—thanks to some neighbor kids. And folks thereabouts also feel a little safer, too.

A group of busy bumblebees some time ago had selected the Andress barn as a suitable site for a happy home, and proceeded with the construction job under the edge of the barn without Owner Andress' consent.

Monday, three neighbor kids of the genial popcorn vendor and his wife—Joe, Paul and Becky Martin, aged 12, 10 and eight, children of Mr. and Mrs. Joe Martin, proceeded to make a raid on the intruders. Armed with an insect spray gun and fly swatters, the youngsters waded in. After the battle about 60 of the bumblebees lay fatally wounded.

And casualties of the invaders? Paul sustained the only direct hit by the stinging end of one of the bumblebees.

Nazarene Revival to Close Sunday Night

The revival which is now in progress at the Hamlin Church of the Nazarene will close Sunday evening, August 16.

Rev. Buford Bastin of Lubbock is doing the preaching, and Rev. and Mrs. R. T. Jarrell, the pastor and wife, are in charge of the music. The pastor invites the public to attend these remaining services.

Later Crops Also Show Promise of Unusual Turn-Out

Farmers in the Hamlin territory already are counting their returns from the bountiful crops of the season with the harvesting of early maize, which started rolling to town 10 days ago.

Yields of the early grain are among the best in the history of head grain raising in the region, declare growers and buyers. One grower living east of town said he had harvested some early maize that yielded 2,952 pounds per acre. Most of the crop that has been harvested has been in the one ton per acre category.

Quality of the maize harvested so far has been high, grain buyers in Hamlin have said.

With good rains early in the growing season, the grain sorghum crop had wonderful early growth. Then with rains coming in June, July and August intermittently, development of large, full heads has made the crop turn out the best so far in the history of the country.

Maize that was planted later in the season also is looking good. It had begun to burn a little two weeks ago, but rains that came a week ago have made it perk up splendidly and now it gives promise of joining the early maize in producing crops of bumper proportions.

Pep Squad Group Plans Meetings Before First Football Game

Majorities and cheer leaders of the Hamlin High School Pep Squad are attending the twirling and cheer leaders' school at Southern Methodist University at Dallas which opened Sunday and will continue through Friday of this week.

Judy Ford, Nina Jean and Jo-ene Hudspeh are the majorities. Kay Millern, Nell Waldon and Darla Hankey are the cheer leaders.

First meeting of the Pep Squad will be at the high school Thursday, August 20, at 5:00 o'clock for the purpose of establishing marching order for the fall activities, it is announced. Every high school girl not in the Pied Piper Band is urged to be at the meeting. There will be meetings for the week of August 24 through 29 at the football field at 4:00 p. m. in preparation for the first football game against Eastland on September 4.

Majorities urge each girl to be present for these meetings. The cheer leaders will hold yell practice also at these sessions.

New Facilities to Be Used at Three-Day Performance

Hamlin will again resound to the sound of rodeo days this week-end as the first annual Junior Rodeo being sponsored by the Hamlin Riding Club gets underway Thursday, Friday and Saturday evenings.

Site of the performances, which begin at 7:30 o'clock each evening, is the newly completed arena of the club in North Hamlin on the Aspermont highway. New lighting system just installed was tried out Tuesday night and declared first rate. Grounds in the arena, which were soaked by the week-end rains were being worked all this week to put them in top condition.

Calves, Brahma steers and bucking horses for the show were purchased several days ago, and have been primed for the events that are destined to attract scores of rodeo performers and spectators from a wide area of Central West Texas.

Mrs. E. J. Hawkins, who has charge of entries for the 10-event rodeo, says entries have been coming in at a steady pace now for several days. Entry time will close today (Thursday) at noon.

First feature of the three-day Junior Rodeo will be a downtown street parade Thursday afternoon at 4:00 o'clock. The parade, to feature floats, rodeo performers and other displays, will form near the Pied Piper football field on Southwest Fifth Street, according to L. A. Johnson, parade director.

Arena directors are Ed Brancum, Don Elmore, Bennie Carroll and Alton Long.

Opening Enrollment At DePriest Hits 171

Enrollment at DePriest Colored Schools which opened Monday in Hamlin, reached 171 by mid-week, it is announced by J. I. Starr, new principal at the school. The principal said he expected the enrollment to eventually top last year's record number of 190.

The school had an early start in order to permit a recess of classes during the peak cotton harvesting season probably in October, school officials announce.

John Reese Mayfield, graduate of DePriest and of Texas State University, is teaching temporarily in the local school in the absence of Bertha Thomas, who will complete summer school work at Texas College at Tyler later this summer.

Who's New This Week

Mr. and Mrs. W. E. Brown of Midland have a new son, born Friday, July 31. He weighed eight pounds 14 ounces, and was named William Wilfred. Mrs. Brown is the former Dorothy Fern Routh, daughter of Mr. and Mrs. Tom Routh of Hamlin.

Mr. and Mrs. Jimmy McElyea of Abilene are announcing the birth of a son in a Stamford hospital on August 2. Weighing seven pounds nine ounces, he was named Danny Wayne. Grandparents are Mr. and Mrs. Dee Glenn of Hamlin are Mr. and Mrs. Clay McElyea of Sylvestor.

Three new arrivals have been reported at the Hamlin Memorial Hospital since last report in The Herald. A girl and two boys, they are:

A girl arrived for Mr. and Mrs. Charles Absher on July 19. After tipping the scales at seven pounds eight ounces, she was assigned the name Pamela Ann.

A born was born to Mr. and Mrs. Sebastian Rivera on August 3. Tipping the scales at eight pounds five ounces, the muchacha was labeled Jesse Sebastian.

A boy arrived for Mr. and Mrs. Don Allen on August 4. His birth weight was tabbed at six pounds 11 ounces. He will answer to Michael Don.

IKE'S DRIVE FOR SOUND MONEY NEEDS BACKING

President Eisenhower has a record unique in one respect. Congress has never overridden his veto. In both of the major instances in which he has used his right to reject legislation during the current session it appears likely that his objections will again prevail. This, if any new housing or farm measure is to be put on the legislative books this year it will have to meet the specifications that have been imposed by the chief executive.

Among reasons cited by the president for his disapproval in both cases, the most compelling was the inflationary character of the controversial measures. Eisenhower has dedicated the remaining months of his tenure to an all-out battle to prevent further cheapening of the dollar. He rightly believes that inflation is the greatest danger confronting the American people in this period of swift recovery from the recession.

"We have made good progress . . . but we cannot win that fight if we add one spending program to another, without thought of how they are going to be paid for, and invite deficits in times of general prosperity," he told Congress in returning the housing bill.

Eisenhower's forthright position and the courage and persistency with which he is holding to it have evoked wide public approval. And, bowing to this popular pressure, Congress now appears to be in full retreat before the Eisenhower anti-inflation drive. It is a significant victory for the president and all advocates of economy and budget balancing, as it is for the American people in general. Let the president continue to have the fullest support in this vital effort to keep the nation on a sound economic basis.

Irony on Berlin

One of the ironies of the current Berlin crisis is the fact that a similar crisis occurred about 10 years ago, with the United States adopting a tougher attitude at that time, and carrying it through successfully. Thus the present crisis spotlights the change which has taken place in the balance of power since that time.

It will be recalled that about a decade ago the Russians began their Berlin blockade threats. The United States replied to the threat which materialized by instituting a Berlin airlift, and this show of determination impressed the Russians to the extent they maintained normal Berlin relations for another 10 years.

Now, however, under a new threat, the United States is talking compromise. Instead of insisting that our right are beyond question, we are now willing to work out some sort of compromise.

Diplomats have long argued that a country's diplomacy is only as strong as the military force which backs it up. If this is true, the present situation typifies the change in the balance of power. A decade ago the United States had preponderant atomic strength, and no nation would dare challenge us to the point where war might result.

Today, quite obviously, the Russians feel that they have the balance of power on their side, and that the United States would not dare get into an all-out war over Berlin. They may misjudge us to some extent, for, pushed far enough, President Eisenhower and the administration could not back down on the Berlin issue.

On the other hand, it is obvious that the administration feels that it must be willing to effect a reasonable compromise, that an emergency or a military showdown is undesirable, in view of our precarious position and the edge the Russians currently have in rocket missiles. Since the balance of power is said to be shifting more and more against us, with every month and year, this is a forecast of diplomatic crises to come in the future, and they may be expected to come at an increasingly accelerated pace.

Nuggets of Thought

No power is strong enough to be lasting if it labors under the weight of years.—Cicero.

The moral question always comes in when we ask, in respect to the man who has power: What will he do with it?—William Graham Sumner.

Responsibility walks hand in hand with capacity and power.—I. G. Holland.

All power and happiness are spiritual, and proceed from goodness.—Mary Baker Eddy.

The discipline that is identical with trained power is also identical with freedom.—John Dewey.

Attention for Sick Dollar

Organized pressure groups among farmers, laborers, businessmen, professional people, transportation interests and others have their place but they only feel themselves when they dabble in socialistic measures. They may gain a temporary advantage, including across-the-board salary increases or outright government subsidies, but in the long run they are helping to drive the value of the dollar down.

The result is an inflationary spiral that endangers the free enterprise system, which has been the best economic medicine that any nation has ever taken. Unless these and other groups face up to realism, the profit motive will be gone in America, the incentive to build a better mouse trap will have been destroyed, and inflation will have dried out the well that has nurtured the growth of a great America.

The dollar is sick, and the patient had best be attended to at once because all the friends at the wake would be too late to make him whole again.

Public Pay \$30,000,000,000

Federal, state and local civilian government workers in 1957 just about equalled the estimated numbers of qualified voters in one-third of the states in the 1958 election, Tax Foundation, Inc. has pointed out.

In 1957 (latest year for which worker totals are available), 8,000,000 persons were employed by the three levels of government, thus: Federal, 2,400,000; state, 1,400,000; and local, 4,200,000.

Meeting their pay checks hasn't become less onerous, either. In an annual basis it is estimated the total civilian worker payroll cost for 1957 was \$30,000,000,000, thus: Federal, \$11,000,000,000; state, almost \$5,000,000,000; and local, \$15,000,000,000.

Editorial of the Week

TRAINING OF TEACHERS

Still being waged is the war over what prospective teachers should learn. Should the stress be put on courses in methods of instruction? Do teachers know enough about the subjects they teach?

In some demands of the educationists is the entrenched motive of self-interest. They want to take over a bigger share of the college curriculum. They want to force prospective teachers to take courses that many would not take voluntarily.

The granting of temporary teaching certificates for those who are otherwise well qualified but who lack some of the required courses in education is a good procedure. Those with the temporary certificates can take additional education courses later in summer school. This practice has helped Texas schools to cope with the shortage of teachers. It should be continued.—The Dallas Morning News.

RECALLING Other Years

★ Being news items taken from old files of Your Home Town Newspaper The Herald

THIRTY YEARS AGO.

In checking over the goings-on of 30 years ago in Hamlin community, we find the following items taken from the issue of The Hamlin Herald dated August 9, 1929:

Mrs. A. D. McLaughlin was a delightful hostess at a party last Friday honoring Mrs. Hugh Lathem of Brownwood. Attending were Meses: J. F. Taylor, J. O. Jones, J. T. Bynum, D. J. Payne, O. L. Taulman, J. J. Waggoner, Dick Moore, H. O. Castle, P. A. Fowler, Gray, Pinson, Sam Allford, C. C. Prater, T. E. Harden, Bob Low, Frank Johnson Neal Massey, F. B. Moore, Neff, J. P. Morgan, Bert Nobles, A. E. Pardue, L. E. Morgan, McCain, Cherry, Sam Hardy, Hugh Lathem, Bowen Pope and D. O. Sauls.

B. W. Niedecken and wife have a new son at their home. We are late in announcing the arrival, which was six weeks ago. He has been named B. W. Jr.

Rev. N. E. Allison and son, Jesse, of Rotan, were here Saturday to purchase a pretty new Whipper car.

Dan Branscum is finishing a new home in East Hamlin.

The Haight well, seven miles northwest of Hamlin, came in for a good oil producer Tuesday to give impetus to oil development in the area.

TWENTY YEARS AGO.

The following news briefs about events in the Hamlin territory 20 years ago are reproduced from the issue of The Hamlin Herald dated August 11, 1939:

Last unit of construction work on the Hamlin waterworks system has been contracted for this week. The project is a 10-inch water line from the Routh farm south of town to the filtration plant in Southwest Hamlin.

Nearly four inches of rain has fallen in the Hamlin section during the past week.

Boys in the community interested in playing football at Hamlin High School during the season opening September 4 are invited to meet with the coach Friday evening, according to G. R. Bennett, school superintendent.

Dr. Frank and Robert Johnson are at home for just this week following their summer work. Dr. Frank has been in a Lovington, New Mexico, hospital as an assistant, and Dr. Robert was YMCA camp doctor for 160 boys at Camp Crockett near Granbury.

TEN YEARS AGO.

Review of Hamlin Herald files reveals the following news briefs taken from the issue of August 12, 1949:

J. A. Edwards of O'Donnell has been named manager of the Hamlin Oil Mill, it is announced by J. B. Eakin, auditor of the mill properties. He succeeds Bill Terry, who resigned last month after he purchased a gin at Weinert.

Mrs. Lela Harbert went to Denton last week to attend funeral rites for her brother-in-law Frank Beatty. She was accompanied by Mrs. Jim Richardson and Ruby Garner of Sundown and by Mrs. Leona Carter and Mrs. Leona Langford.

Baseball committeemen Delma Shelburne, Clyde Angel and Travis Hash of Hamlin Lions Club have issued a challenge to the Rotary Club for a benefit baseball game.

Pied Piper football candidates will meet Monday with Coach Jesse Burditt and Vernon Townsend, it is announced.

FIVE YEARS AGO.

From the files of The Hamlin Herald dated August 13, 1954, the following items of interest are reprinted:

More than 20 stray dogs have been picked up in the city in a drive to rid the community of mongrels, according to Mayor Willard Jones.

Hamlin Garden Club is sponsoring a beautification project in preparation for the forthcoming Tri-County Jubilee.

City water supply from Paint Creek Lake is not in danger in connection with the suit filed by Haskell County owners of land in the lake area, declared city officials this week.

ONE YEAR AGO.

The news briefs below are reproduced from The Hamlin Herald dated August 14, 1958:

Big increase in cotton insects in the region threatens to trim the already yshort cotton crop.

Fourth annual homecoming of Hamlin High School students has been set for October 3 and 4.

A representative of the National Fire Underwriters Association has been in the section several days investigating recent fires of unknown origin.

Coordinated Campaign on Rats Can Help to Control Ravages and Diseases

People who know say a single rat can waste through \$2 worth of dry corn without any trouble whatever, and depoll another \$50 worth in the process. Folks of the Hamlin section have recently witnessed the ravages of the pests.

Rats are mighty expensive critters to tolerate in town or country, both by virtue of the food they eat and the some 27 diseases—including typhus fever and bubonic plague—they are known to spread, reminds the Texas State Department of Health in a release to The Herald.

This time of year rats will be in field burrows. Soon though, with rural harvest well underway and cooler weather coming, they will move into grain bins and feed stacks where food is stored.

If you're interested in keeping them out of your place, now is the time to deprive them of food and shelter this winter and avoid a repetition of last year's record breaking infestation.

Start by burning or piling scrap lumber at least two feet off the ground. Scatter feed stack chaff and manure piles over fields. And keep the inevitable weeds and grass around outbuildings cut so as not to attract rats.

Rats breed so rapidly that mere killing campaigns without accompanying sanitation are worthless. On the other hand, striking reductions in rat populations have been made by rat proofing without killing procedures.

Farm buildings in good repair are seldom infested with rats, so it follows that is the way to keep them. Check to make sure walls are tight and that floors and foundations are crackless. A strip of galvanized metal three feet or so high, placed around the base of a building will keep rats out—

provided they cannot get through the floors.

By and large, rats as a group probably prefer grain to any other type food. Which is a good argument in favor of building new granaries tight and off the ground.

All known rat runs ought to be baited with poison. In one closely supervised campaign, almost 12,000 rats were killed at a cost of about four cents per rat. Warfarin bait was used, and the amount required to kill a rat averaged slightly less than a quarter pound.

Other effective poisons are available, but many of them must be used with extreme caution. Persons unfamiliar with rodenticides should get expert advice before attempting to use them, advises the State Health Department.

Brannon Lumber Firm Changed Officially

Official change in the name of the Brannon Lumber Company from Paul Bryan Lumber Company became effective August 1, according to Wilson Brannon, the new owner.

Sale and transfer of the concern by Paul Bryan was actually made several months ago, and Brannon assumed charge then. Brannon had been employed by the firm for several years.

Paul Bryan, pioneer lumberman in these parts, has retired. He is building and selling new homes in Hamlin community however.

IT IS A PROBLEM.

Coming from a telephone booth: If it is the who did you answer the phone?

Rib knitted cotton with the look of corduroy is the novel fabric used for this comfortable pullover and matching pants by Mojid. Pants are completely lined for a neat fit.

RETURNS TO BOLIVIA.

Tommy Carpenter, son of Mr. and Mrs. Fred Carpenter, left Monday for Bolivia, South America. He is with National Geographical Company as observer. Tommy has previously worked for the company for several years in South America.

Insect Infestations In Cotton Showing Decline Over State

Fleashopper activity decreased considerably in the High Plains area with isolated sections in the Northeast, North Central and Northwest area reporting damage, declares the twelfth weekly cotton insect situation report issued by the Texas Agricultural Extension Service in cooperation with the plant pest control division of the U. S. Department of Agriculture. The release continues:

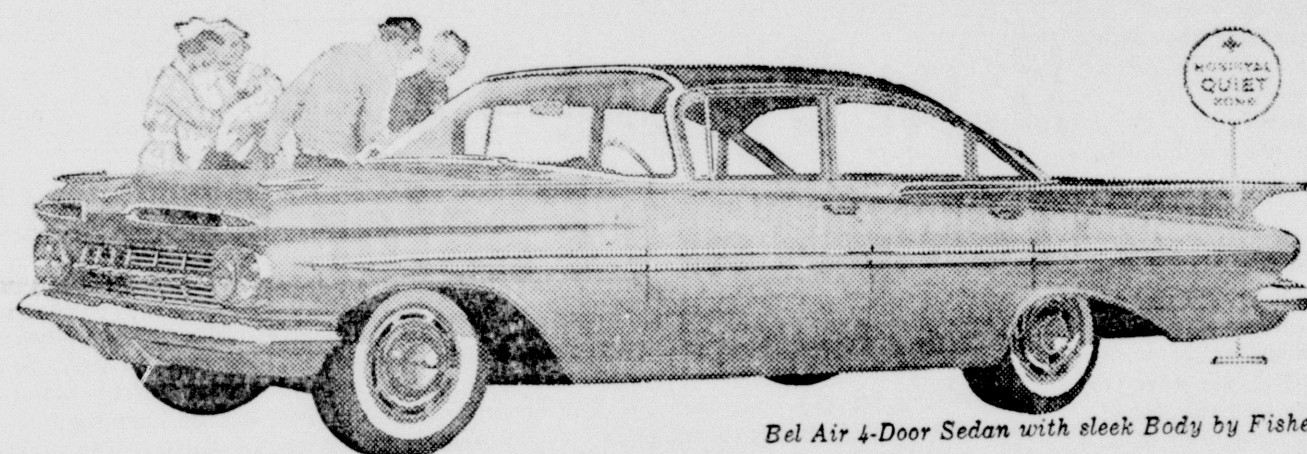

Bollworms and boll weevils continued to be a problem in many areas with some sections reporting very high infestation counts, following a rapid build-up. Cotton aphids continued to cause damage to young plants in fields which suffered earlier hail damage on the High Plains.

All reports of cabbage looper, cotton leafworms, pink bollworms and grasshoppers were said to be light.

Harvesting is well underway in the Lower Valley, Coastal Bend and Southwest areas.

Concerning the Northwest Texas area, of which the Hamlin section is a part, the following report is made: Light to medium fleashopper infestations were reported in Wilbarger, Collingsworth, Motley, Knox and Wheeler Counties; heavy infestations in Cottle, King and Jones Counties. Bollworm infestations were reported light in Cottle, Wheeler and King Counties; light to medium boll weevil infestations were observed in Wilbarger, Jones and Collingsworth Counties. Light infestations were reported in Glasscock and Bailey Counties.

Another trouble with the world is that there are so many people in it who will do anything for money except work.

Bel Air 4-Door Sedan with sleek Body by Fisher

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going—and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: "... the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is all just one of seven big bests—all documented by published opinions of experts and on-the-record facts and figures.

BEST ROOM—Official dimensions reported to A.M.A.* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars—more front seat hip room (by up to 5.9 inches) than the "other two" of

the leading low-priced three.

BEST ENGINE—Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the N.A.S.C.A.R. Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38 m.p.g.

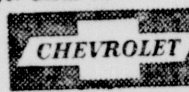

BEST BRAKES—Chevy's bonded-lining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by N.A.S.C.A.R., Chevy out-stopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

BEST STYLE—It's the only car of the leading low-priced 3's that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN—Any N.A.D.A.† Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?

New Manager Orville D. Roland Gives Outline of BCD Program of Activity

A mid-year meeting of members of the Hamlin Board of Community Development was held Monday evening in the high school auditorium, when Orville D. Roland, new BCD manager, presented a first-hand look at the organization's purpose, what it can do, and how each citizen fits into the program.

Fred B. Moore Jr., president, presided and extended a word of welcome and appreciation for the response to the called meeting.

Rev. Ed Robb, pastor of the First Methodist Church, was master of ceremonies and gave the invocation.

Roland predicated his remarks on the unusual opportunities that he finds in his new home town community of Hamlin for progress and forward movement. He challenged people of the community—business men and women and private citizens as well—to pitch in and help to make the region a better, more prosperous place in which to live and raise families.

He urged his hearers to provide the men to meet the mountains of obstacles to community growth and well-being.

Hamlin Board of Community Development, he said, provides a melting pot for ideas of progress and organization for putting these ideas into motion.

"It is going to take a tremendous amount of doing to win this battle of community progress, as we compete with other towns and cities for prestige, trade, industries and population," declared Roland.

"It is going to take more than routine maneuvers. It is going to take enthusiasm—a missionary spirit—a revolutionary zeal.

"Remember this: Nothing was ever accomplished that did not first start with an idea. That idea may have been a dream at one time, but enthusiasm brought it to light and action made it a reality.

"What I'm trying to say could best be dramatized by recalling a scene from Maxwell Anderson's play, 'Valley Forge.'

"In that play, Washington visited a bunkhouse at Valley Forge in the bitter and tragic winter of 1778.

"Confronting him is a squad of ragged, cold, disheartened soldiers who voice their discontent over the physical hardships that they must endure. They feel frustrated and hopeless. They want to go home.

"Washington knows that if they leave, they will never return.

"He asks them what they are fighting for—and they tell him, in the language of the soldier, that they are fighting to keep King George out of their backyard and that they are sick of tax collectors.

"Washington's reply is full of insight and understanding. Bluntly he says to them:

"Then it may be that you are here in error, and the sooner you discover it the better. You will get death and taxes under one government as well as another. But I'll tell you why I'm here, and why I had hoped that you were here.

"What I fight for now is a dream—something that has never been on this earth since men first worked it with their hands—something that has never existed, and will never exist until we can make it and put it here—the right of free-born men to govern themselves and to make decisions, and to organize their lives in their own way.

"So now, you make your decision—go if you wish. But if you lose you—if you have lost interest in this cause of yours—we have lost the war, lost it completely—and the men we have left dying on our battlefields died for nothing—for a dream that came too early, and may never come true."

"We face some of the same sort of decisions and frustrations that the soldiers in Washington's command—whether to give up the fight; whether to take the defeatists' attitude and say it can't be done (no one has ever done it before and you can't do it now); whether to ignore the need for personal sacrifice and dedication—or whether to put up a tough, relentless battle for what we believe, for what we stand for; whether to redouble our efforts to equip ourselves to be influential citizens, and go on with the struggle, with one thought in mind—and that is to make our community a better place in which to live and rear a family.

"We need men with new crans in their brains. Men who are innovators—who refuse to be mediocre—and who look beyond themselves. Men of stature and with a high sense of moral purpose. Men to match the mountains!"

VITAL STATISTICS—Lovely Tommie Ann Ragland (left) and Libby Mullinex are just two of thousands who have seen the population of Corpus Christi more than triple in their lifetime. In 1940 the Gulf Coast seaport had 57,301 residents. Head count in 1950 was 108,051. The Chamber of Commerce census trait committee recently estimated the 1960 federal census would list 183,960 persons living in Corpus Christi. Sorry the Chamber of Commerce sent no vital statistics for the girls, but we just couldn't resist the picture.

Two "First" Projects of Importance Tabbed Soon for Texas, Says Johnson

Texas may have yielded to Alaska as being the largest state in the union, but I'm happy to see it is retaining its status as first in a lot of other things, cements U. S. Senator Lyndon B. Johnson in his weekly news release from Washington to The Herald. The release continues:

Two new "firsts"—for Texas and the nation—are included in legislation approved last week by the Senate. This bill must now go to conference committee where differences between the House and Senate versions will be ironed out.

Dalhart Man Named Director of Houston Farm Credit Banks

W. J. McAnelly, general agent of the Farm Credit Banks of Houston, announces that E. G. Schuhart II of Dalhart has been appointed a director of the Farm Credit Banks to fill the unexpired term of Cliff C. Wimberly, deceased, of Vega. The interim appointment was made by the governor of the Farm Credit Administration in Washington, D. C.

Schuhart is engaged in farming and ranching in Dallam County and is active in civic affairs in that area. He received his training at West Texas State College and the University of Texas. He has served as mayor of Dalhart, is a former chairman of the Federal Land Bank stockholders committee, and is now president of the National Farm Loan Association of Dalhart.

As a member of this seven-man board, Schuhart serves as a director of the Federal Land Bank of Houston, the Houston Bank for Cooperatives, and the Federal Intermediate Credit Bank of Houston.

But I thought you might be interested in what the bill now provides.

There are two new projects. Both are of national importance. One provides for construction of a saline water conversion plant at Freeport. The other project calls for construction of a test type civil defense shelter at Denton.

The Freeport project may offer this nation the first break-through in man's fight to take the salt out of sea water. That's what the scientists hope to achieve at an economical cost.

Think what this could mean for the future! New jobs, increased prosperity, a better life would be waiting. Agriculture, industry, all of us would benefit. And this would come about through use of resources now being wasted.

Approval by the Senate of the Denton project means we're facing up to the destructive realities of atomic war. This program calls for construction at Denton of a regional defense center. This would be a test project. Lessons learned here would be applied in later construction of seven similar regional centers.

All of this takes money. In addition to these projects, the Senate approved other programs having state-wide or national importance. These include funds for the Texas River Basin Study Commission, for the federal agency that enforces mandatory controls on oil imports, for flood protection on the Rio Grande, and housing for staff people at Falcon Dam.

But this is not spending being piled on top of the president's budget. Unessential projects have been slashed to provide money for the vital needs. And when the Congress complete this session, the final figures on appropriations will be hundreds of millions less than the administration recommended. Of that I'm confident.

GENIUS KNOWS FUTURE.
A woman who wanted to show off her son's scientific knowledge to members of her bridge club called the youngster in and asked: "Bobby, what does it mean when steam comes out of the spout of the kettle?"
"It means," Bobby replied promptly, "that you are going to open one of Daddy's letters."

FFA Boys Named To Receive Annual Santa Fe Awards

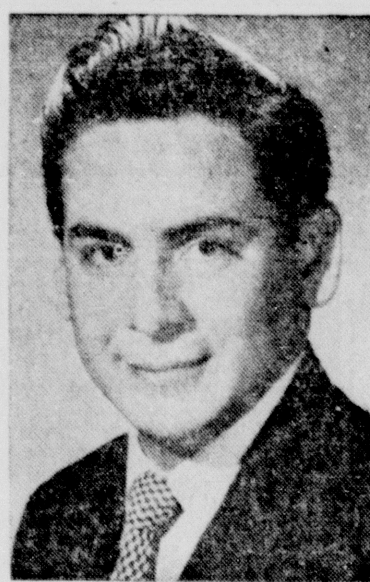

Five Future Farmers of America boys from West Texas and the Panhandle area have been named to receive educational awards sponsored by the Santa Fe Railway Company. At the same time nine other Texas boys were named to participate in the Santa Fe's grant of \$2,825 to the Texas Education Agency for carrying out FFA work in Texas during 1959.

The awards were announced at the Texas FFA convention in Austin in July by L. M. Olson, Santa Fe's general manager at Galveston after certification to the railroad by George H. Hurt, Texas state FFA advisor. The boys were selected on the basis of individual performance by FFA leaders.

West Texas winners are Bobby Longan of Clarendon, Teddy Carruth and Jarus Flower, both of Tulia, Charles Stenhold of Stamford, Kenneth Smith of Tahoka and Weldon Tabor of Quanah.

Carl Talley of Route 1, Clarendon, and Carruth, of Tulia, were named as winners of the two \$350 college scholarships granted by the Santa Fe in Texas each year.

Educational awards to FFA boys are a continuing practice of the Santa Fe. All winners receive financial aid from the Texas Education Agency out of the railroad grant.

PREACHING in a seven-day revival that began Monday evening at the Mexican Baptist Church on the Stamford highway is being done by Rev. Rudy A. Hernandez (above), state Mexican Baptist evangelist of the Baptist General Convention of Texas. The meeting will continue through Sunday, August 16.

VISIT FROM DALLAS.

Mr. and Mrs. Paul Smyers and their children of Dallas visited in the James E. Simmons home Monday. They were en route to San Francisco, California.

CONTROLLING KIND.

Joe—"I've got my doubts about marrying Annie—she wants me to wear a ring."

Moe—"So what? Lots of married men wear rings?"

Joe—"Through the nose?"

Many Farmers and Ranchers of Area Participating in Great Plains Program

Over 2,300,000 acres of farm and ranch lands in the Plains areas of Texas—including several thousand acres in the Hamlin region—have been contracted for cost-share assistance under the Great Plains Conservation Program, reports Lynn Pittard, extension assistant soil and water conservation specialist.

As of June 30, 1959, approximately \$5,500,000 had been obligated to the landowners for assistance by the program. In the 78 counties now participating, Pittard says more than 1,300 contracts have been signed. The contracts are for three to 10 years' duration.

This voluntary program applies in the Great Plains area and provides cost-share assistance for many soil and water conservation practices such as brush control, range reseeding, constructing wells and ponds for livestock water and several others. Operators may receive up to 80 per cent assistance, depending on the practice.

Pittard pointed out that the program has several advantages. It is flexible and can be modified to meet the particular individual's needs. There is no limitation on assistance except on irrigation. Crop allotments are not affected during contract, and the program may be used in combination with other government cost-share plans.

At present range work such as reseeding, range chiseling or pit-

ting, controlling brush or shrubs, and initial establishment of a permanent vegetative cover accounts for over half of the fund distribution.

Other practices that come under the program are: Planting trees and shrubs, establishing permanent waterways, constructing terraces and diversion ditches, water-spreading terraces, reorganizing irrigation systems, and land leveling for irrigation.

For a more thorough explanation of the program, Pittard advises obtaining the pamphlet L-410, "The Great Plains Conservation Program: What Is It?" from local county agents or the Agricultural Information Office, College Station.

POOR TRAINING.

A wealthy contractor liked to know all about the employees who toiled in his vast business. One day he came upon a new young man who was dexterously counting out a large wad of the firm's cash into pay envelopes.

"Where did you get your financial training, young man?" he asked.

"Yale," replied the young man. "Good! Good!" exclaimed the contractor, being a staunch advocate of higher learning. "What's your name?"

"Jackson."

Rubber hands at The Herald.

ASC NOMINEES

(concluded from page one)

gible voters in the community. Any names added to the ballot by petition must be presented to the chairman of the community election board not later than August 15. Chairmen of the election boards are Noel Weaver, Joe Benton, R. J. Lefever and V. R. Justice for Communities A, B, C and D respectively.

Ballots bearing the 10 names selected by the community election boards and those added by petition will be mailed to voters who are known to be eligible to vote. The voters will mark their ballots for the individuals of their choice and return them to the ASC office by mail.

The producer will vote for any five persons whose names are listed on the ballot or he may write in the names of his choice if he does not care to vote for any of the persons whose names are printed on the ballot. The five individuals who receive the highest number of votes in each community will make up the community committee for 1960. The persons who receive the highest number of votes in each of the four communities will meet in a county convention to elect the county committee for 1962.

Ballots will be mailed to voters on the date of August 18. The ballots must be returned in time to reach the ASC office not later than September 2.

Don't make a mountain out of a molehill. No one will come up to enjoy your view.

Brentz Ann Crow and Thomas Brooks Married Saturday in Anson Rituals

Brentz Ann Crow became the bride of Thomas Eugene Brooks in a candlelight ceremony held at 8:00 o'clock Saturday evening in the First Methodist Church at Anson. Rev. James E. Easterwood, pastor of the First Baptist Church, read the double ring service.

The bride is the daughter of Mr. and Mrs. Wortham Crow of Anson, and the bridegroom's parents are Mr. and Mrs. John Brooks of Albuquerque, New Mexico. The bride's grandparents were Mr. and Mrs. Judge L. Crow of Hamlin.

The church altar was banked with emerald palms, and branched with cathedral candelabra with 29 slender white burning tapers forming a background and were on either side of the arched altar which lighted the setting. The couple stood before the arch. The windows were banked with greenery circling the white tapers. The family pews were marked with all-white double wedding ring decorations.

Lighted tapers were over the organ.

Mrs. Edward Lain Wilson at the organ played a group of wedding selections as guests gathered. Soloist was Mrs. Wayne Pelton, who sang "Whither Thou Goest" and "Because." At the close of the ceremony she sang "The Wedding Prayer." Mrs. Wilson accompanied the soloist and also played traditional wedding marches.

The bride, given in marriage by her father, was gowned in white chantilly lace and tulle over champagne satin styled with a fitted bodice coming into a point at the front with points of lace dipping into tulle. The full skirt was appliqued with large rounds of scalloped lace accented with iridescents. Her finger-tip tiered veil of illusion fell from a lace covered crown outlined and decorated with seed pearls. She carried a white orchid with stephanotis in a cascade with white satin shower ribbons atop the Hardin-Simmons University Cowgirls' Bible. Wisps of stephanotis were caught in the love-knots of the ribbons.

In following tradition, the bride carried a miniature mesh purse under the Cowgirls' Bible for something borrowed that belonged to her aunt, Mrs. Joe Brown of Snyder. For "something old" she was given and wore a blue diamond ring which was a gift from the bridegroom, an heirloom belonging to his grandmother. For "something new" the bridegroom put the blue diamond in a new mounting and added two diamonds with it. She also wore a blue garter, a gift from her mother.

Bridal attendants were Mrs. Danny Tollison of Abilene, matron-of-honor; bridesmaids were Sharon Wilson of Anson, Judy Rader of Anaheim, California, cousin of the groom, Johnnie Lou White and Mrs. Carl Thompson. They were identically attired in dresses of peacock blue silk organza over matching taffeta styled with scoop necklines and tiny shoulder straps. The fitted bodices and full skirts were accented with bands of matching velvet ribbon. They wore velvet bandeaux with veils of peacock blue. Their bouquets were a double ring of stephanotis with baby chrysanthemums tied with net and white satin ribbon.

MARRIED IN SATURDAY RITES—Brentz Ann Crow (above) became the bride of Thomas Eugene Brooks of Albuquerque, New Mexico, Saturday afternoon at the Anson First Methodist Church. The bride is the daughter of Mr. and Mrs. Wortham Crow of Anson and a granddaughter of the late Mr. and Mrs. Judge L. Crow of Hamlin. They will make their home in Albuquerque.

Johnny Brooks of Albuquerque, New Mexico, attended his brother as best man. The bride's brother, Wortham Crow Jr., Dayton King of Abilene and David Dean of Abilene and Ray Carson of Stamford were groomsmen and ushers. Randy Lepard, son of Mr. and Mrs. Bill Lepard of Anson, was ring bearer. All wore boutonnières with feather frenched chrysanthemum petals and also both fathers. The groom's boutonniere was made from stephanotis the same as from the bride's corsage.

Barbara Lawrence, daughter of Mr. and Mrs. Seth Lawrence Jr. of Anson, cousin of the bride, was flower girl. She was dressed identically as the bridesmaids. Her corsage was a white gardenia. She carried double wedding rings and baby chrysanthemums.

Candle-lighters were Jane Crowder, daughter of Mr. and Mrs. Elmo Crowder of Snyder, and Alice Faye Gibson, daughter of Mr. and Mrs. Willie Gibson of Las Cruces, New Mexico. Both are cousins of the bride. They wore salmon color silk organza gowns with fitted bodices, pleated at the top, no shoulder straps, full skirts with huge bows in the center back of the bodice. Their corsages were of white gardenias.

The organist, Mrs. Wilson, and the soloist, Mrs. Pelton, wore as their corsages white gardenias.

Mrs. Crow chose for her daughter's wedding mauve lace over a matching satin sheath with empire line and a jacket with a small collar. Her satin opera pumps were dyed to match the shade of her dress, gloves, ear-rings and feathered hat. She wore for her

Gayle Bishop, Bride-Elect, Honored at Tea in Perrin Home

Gayle Bishop, bride-elect of Talmadge Higginbotham, was honored with a gift tea in the home of Mrs. E. D. Perrin on the evening of Friday, July 31.

Receiving guests with Mrs. Perrin and the honoree were Mrs. J. F. Bishop, sister-in-law of the bride; Mrs. L. R. Briggs, sister of the bride; and Mrs. W. B. Britton, mother of the bride.

The home was beautifully decorated with fresh flowers, the gift tables draped in white. The refreshment table was white with a centerpiece of blue and white lea, white candles together with two tall blue brandy snuffers filled with white roses. The bride's chosen colors of blue and white were carried out throughout the decorations.

Others in the house party were Mrs. Cecil Brown, Mrs. Bill Maddox, Mrs. C. Weldon Griggs, Mrs. Mrs. Carl Young and Mrs. L. M. E. M. Wilson, Mrs. D. A. Brown, Sutherland.

Out-of-town guests registered from Lubbock, Abilene, Floydada and San Antonio.

Brass is an alloy made from copper and zinc.

corsage white gladiolus. Mrs. Brooks wore a white eyelet embroidered dress over yellow with matching jacket, gloves, slippers, feathered hat and all-white accessories. Her corsage was of white gladiolus.

Reception Follows Crow-Brooks Rites in Anson Home Saturday

Immediately following the Crow-Brooks wedding Saturday evening at Anson, a reception was held at the bride's parents home, 1904 South Commercial Avenue. The newlyweds received guests with their parents and bridal attendants.

Mrs. Byrd Phillips had charge of the guest book. Mrs. Edward Wilson and Jane Johnson played appropriate music on the Hammond organ. Martha Cole poured the punch. She was assisted by Carol Foster of Dallas, Glenda Montgomery of Abilene, Joan Lindsay of Vernon, Mrs. Grady Flynt and Mrs. G. E. Wilson, both of Anson.

The wedding cake was an all-white tiered cake with tiers raising to a top arrangement of sugar roses, wedding bells and heart-shaped frame holding a miniature bride and groom. Other members of the house party were Ima B. Dougherty, Mrs. Bill Lepard, Mrs. Phillip Cole, Mrs. Bill Creel, Mrs. W. T. Drennan and Mrs. Louis Johnson. Wedding gifts were displayed in two rooms.

After a wedding trip to Las Vegas, Nevada, the couple will be at home after August 20 at 202 Southeast Columbia in Albuquerque, New Mexico. For traveling the bride wore a navy silk ensemble with a feather white hat and white accessories. Her corsage was the white orchid from

Hamlin People Go to Homemaking Clinic

Mrs. Joe W. Carter and Mr. and Mrs. James E. Simmons were in San Antonio last week attending a conference of Texas homemaking teachers. The local women are instructors in the homemaking department at Hamlin High School.

Outstanding homemaking leaders from over the state attended the San Antonio conference and spoke. The local attendants reported a profitable week.

Many a person has cured himself of the do-it-yourself obsession by trying to repair his television set.

the center of her bride's bouquet.

The bride is a graduate of Anson High School and attended Hardin-Simmons University. She was a member of Cowgirls and served on the Behrens and South Hall dormitory councils.

The bridegroom is a graduate of Abilene High School and a 1938 graduate of H-SU where he was president of the Student Association, member of the Circle K, and was selected to Who's Who in American Colleges and Universities.

Out-of-town guests at the wedding were from Albuquerque and Las Cruces, New Mexico; Dallas, Houston, Lueders, Fort Worth, Vernon, Wichita Falls, Midland, Bryan, Abilene, Hamlin, Stamford, Snyder and Seminole.

Frances M. Howard And Carl Gene Smart Say Wedding Vows

Frances Marie Howard, daughter of Mr. and Mrs. Albert Howard, became the bride of Carl Gene Smart of Levelland in a double ring wedding ceremony at the parsonage home of Rev. Calvin Bailey, pastor of the First Baptist Church, on the evening of Thursday, July 30.

The bridegroom is the son of Mr. and Mrs. Lee Smart of Levelland.

Honor attendants were Delores Killian and Dale Ponder.

The bride wore a bouffant white frock styled with fitted bodice and topped with a jacket fashioned with pert three-quarter sleeves. Her flowers were white carnations.

Young Smart attended McCaulley High School. Mrs. Smart had attended Hamlin High School.

When the couple left for their wedding trip to Ruidoso, New Mexico, Mrs. Smart was wearing a light blue sheath frock. They will make their home on West Lake Drive in Hamlin.

RETURNS FROM VISIT.

Mrs. A. C. Tidwell returned Friday from a several-day visit with relatives. She visited Mrs. Erbie Birdwell, a sister, at Boyd; her father, John Newby, at Springtown; a son, Warren Tidwell, and family at Weatherford; a daughter, Mrs. James Barnes, and family at Camp Wolters near Mineral Wells.

Committees Named For B&PW Club for Coming Club Year

Mrs. John V. Howard Jr., president of the Hamlin Business and Professional Women's Club, has appointed the standing committees for the club year 1939-40 as follows:

Membership — Mrs. W. Thos. Johnson, Oleta Avants and Mrs. D. W. Stoll.

Program Coordination — Mrs. Earl Brown, Mrs. Levi McCollum, Viola Avants and Mrs. John V. Howard Jr.

Health and Safety — Mrs. James E. Harrison, Mrs. M. H. Bond and Mrs. Ed Bailey.

Public Relations — Mrs. E. M. Wilson, Mrs. Tom Teague, Mrs. Faye Atkinson and Mrs. Vera Nobles.

International Relations and National Security — Mrs. W. L. Hunter Jr., Maggie Seymore and Mrs. Bill Davis.

Career Advancement — Mrs. F. E. Bayouth, Mrs. C. C. Prater and Mrs. S. D. McMahon.

Finance — Lennie Greenway, Mrs. Melvin Scott and Mrs. W. C. Hargrove.

Public Affairs and Women in Government — Mrs. A. A. Hackley, Mrs. R. D. Moore and Mrs. Kenneth Riddle.

Legislation — Mrs. Willard Jones, Mrs. Zelma Hulse and Pearl Hudson.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin—Quiet has settled over Texas' Capitol Hill after 202 days of hubbub.

As legislators packed up to go home, directors and employees of state agencies were filling scratch pads with figures. For most state supported activities, the new budget which goes into effect September 1 will mean more funds. Altogether, \$300,000,000 more.

There were some disappointments, of course, in the appropriations bill. Many programs got less than had been asked for, some salaries were cut, and there were riders and restrictions in other activities.

But, overall, there was more relief and rejoicing than tears and complaining. Most seemed to regard the new budget as the best that could be hoped for in such a "hard year."

For their parts, lawmakers were eager to get home and "mingle with the folks." Ahead lie probable showdowns on new spending for welfare and public schools, and, always, the inching up every two years in general spending.

Budget Breakdown.—Texas' new record high budget of \$2,418,000,000 was reported out after 95 days of haggling in conference committee.

But once out, it zipped through both houses, with only eight dissenting votes in the Senate and a 108-to-30 vote in the House.

Spending from the general revenue fund, the state's multi-purpose housekeeping kitty, totals \$322,500,000. This is up \$42,000,000 from the present biennium.

To show how hard up the state was, more than 56 per cent of total general revenue spending—or \$18,500,000—will have to come from the new tax bill passed this session.

Here's how the pie was finally sliced on major items:

Public Schools.—Received an appropriation of \$774,904,500 an increase of about \$85,000,000, mostly because school spending has an "escalator clause" which ties it to enrollment.

Higher Education.—Got the biggest increase from the general revenue fund of any program. It was boosted by more than \$12,500,000 to a total of \$130,933,424 for the state's 18 tax-supported colleges and universities. Increase

was only about half what was asked by the Commission on Higher Education.

University of Texas officials saw one of their fondest dreams come true in that the "available fund" (income from the university's permanent fund) was left free for buildings and "excellence" programs.

Hospitals, Special Schools, Youth Council.—Allotted a total of \$90,456,554, an increase of some \$6,348,250.

This is to be used to improve medical care in state hospitals and to build a new mental hospital at Denton, a new dormitory for delinquent boys at the Gatesville school and a new building at the Gainesville Schools for Girls. It will also cover some salary increases and cost of some repair and remodeling in the vast hospital and school systems. It does not allow for setting up the juvenile parole system ardently desired by the Youth Council and recommended by Governor Price Daniel.

State Employees.—Lower bracketed employees, from \$2,400 to \$6,000 annually, will get a \$180-a-year raise. It's not a lot—\$15 a month more in the employees' pay envelopes—but it will cost the state about \$14,000,000 for the two years.

Judiciary.—Will receive \$9,336,769 from general revenue, an increase of \$312,779. Most of this goes for new district courts plus briefing attorneys and secretaries for the Supreme Court.

Prison System.—Operating budget increased by \$2,800,000 plus \$7,720,000 to provide additional buildings for a prison population soaring toward 11,000.

Livestock Disease.—A new program to control brucellosis was tabbed for \$239,960, considerably under the \$2,170,000 requested.

State Advertising.—State Highway Department was authorized to use \$100,000 to lure tourists and the Texas Industrial Commission \$20,000 to seek new industries.

Constitution.—Texas Legislative Council was given \$50,000 for a study of the state constitution with a view to revising it.

Insurance Department.—All the furor over top officials' salaries brought little change. Commissioner of Insurance William Harrison was cut from \$20,000 to

KERRY DRAKE

\$15,000 a year; the three board members, from \$15,000 to \$14,000.

Building Program.—To further the capital expansion program, \$2,753,000 was appropriated for buying land, \$2,924,000 for a second state office building.

Water Planning.—The Board of Water Engineers was allotted \$2,037,000, an increase of \$200,000 but nearly \$800,000 less than requested. It will allow for some salary increases for board members and engineers and mapping to locate future damsites.

Rio Grande Navy.—Senator Abraham (Chick) Kazen Jr. of Laredo, Texas' fourth "governor for a day" this year, used his time

in the spotlight to call attention to needs of his South Texas border country district.

As Senate president pro tempore, Kazen served as chief executive in the absence of the governor and lieutenant governor. He proclaimed Good Neighbor Day, created the Navy of the Rio Grande, and urged congressional approval for construction of the Diablo Dam west of Del Rio.

Senator Frank Owen III of El Paso succeeds Kazen as president pro tempore for the interim between sessions.

Reprieve for Church.—St. Martin's Lutheran Church, a beautiful, classically designed building

one block north of the capital, was to be destroyed to make way for the state building program.

Texas Employment Commission's new building has already gone up within a few feet of it.

But the Senate, in a resolution sponsored by Senator Charles Herring of Austin, has asked TEC to study the possibility of putting the church to some use, such as a non-denominational chapel, before deciding to level it.

Short Shorts.—Penalties up to \$200 and court costs can be assessed against operators of dual-wheeled vehicles without protective "mud flaps" after August 9. Previously the law had required

use of the mud flaps only when the pavement was wet. Now they must be used at all times. . . .

Beginning October 14 parents' consent and a three-day wait will be required between the application for a marriage license and the wedding if the groom is under 21 or the bride under 18. Changes in the law to slow down quickie weddings were voted by the Legislature in its recent called session. . . . Salk vaccine still hasn't put an end to all polio in Texas. Total cases in the state this year had climbed to 231 as of July 25, the State Health Department reported.

A good heart is better than the best head.

Individual Drivers Are Responsible For Safety Records

"Honestly now, what's your hurry?"

This question was put to Texas motorists this week by J. O. Musick, general manager of the Texas Safety Association, as he sought public support for TSA's current slow-down-and-live campaign.

Musick reminded drivers that 229 persons were killed in Texas traffic accidents during August of last year.

"Each Texan can give the slow-down-and-live campaign a boost by simply becoming safety conscious. Most of us are familiar

with the laws, rules and courtesies of the road, but all too often there is a tendency to forget them. At this point we are most vulnerable to an accident," Musick said.

He reminded motorists that traffic officials are doing all they can to protect drivers and pedestrians by maintaining a firm enforcement policy, but that the final responsibility rests with the individual.

"Surely it is a matter of deep concern to all of us that the traffic accident toll is on the increase in Texas (the Texas Department of Public Safety reports an increase of approximately nine per cent for the first six and one-half months of this year), thus we owe it to ourselves, to our family, friends and neighbors to accept the moral responsibility of practicing safe driving habits."

"Do I Have to Suffer All My Life Just Because I'm a Woman?"

Not today, women don't have to bear a special cross of agony! Girl or grandma, a special tablet can bring blessed relief from "female miseries." "Female suffering" need never occur again for most women—not at any age! You can be free from the misery young and old used to dread! With Pinkham's Tablets you can have wonderful relief all through your life! Pinkham's unique formula was

developed especially for women's ailments. Includes blood-building iron! In doctors' tests, 3 out of 4 didn't suffer monthly cramps, backaches. Later during change-of-life "hot flashes" subside. Even after menopause, Pinkham's Tablets help build strength-giving blood! Get amazing results! E. Pinkham's Tablets from drugist. Take them daily for the benefits you can get all through your life!

RIDING CLUB STAGES RODEO

After only about a year of operation in the Hamlin community, the Hamlin Riding Club this week-end is staging its first annual Junior Rodeo, for which we bespeak good crowds and a successful show. Officials of the club say good interest is being shown in the event which the group expects to make a year-to-year affair.

Besides providing clean, entertaining recreation for youngsters and oldsters, the Riding Club is answering a need that has been felt in this ranching region that still has not forgotten the cowboy. Old West despite invasions of modern modes of transportation.

Arrangements to attend the three evening performances of the Junior Rodeo, beginning at 7:30 o'clock this Thursday, Friday and Saturday evening.

A NEW HAT OR A COLOR PHONE

A friend of mine remarked the other day that August is a pretty hectic month around his house.

The kids are getting a little restless for school to start even though they'd never own up to it. And this restlessness doesn't exactly help his wife's attitude, either.

I know how restless the small fry can get, and it's hard to solve that one. But I did have a tip to offer my friend that would perk up his wife's morale.

"Since it's too early for her to buy a new Fall hat," I said, "why not order an extension telephone in her favorite color?"

The happy ending to this story is that he perked up his telephone.

It was an easy sale, because my friend is like most men—he's not exactly crazy about women's hats.

THE CALL THAT'S APPRECIATED

About this time of year, most of us are back from vacation with memories of good times fresh in our minds.

I've always thought that the best way to relive a summer vacation—and be courteous at the same time—is to call the people who helped make your vacation so much fun.

If you spend it with other members of your family, they'll be glad to know you arrived home safely. If you vacationed with friends, they'll enjoy hearing your voice again.

So why not make the call tonight that's really appreciated? Rates are lower after 6:00 p. m., and you can talk longer for less by placing your call station-to-station.

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

New BCD Manager Tells Lions Every Citizen Has Stake

"Every citizen of the Hamlin community has a stake in its future welfare and progress," declared Orville D. Roland, new manager of the Board of Community Development, when he pinpointed some objectives of the civic organization at the Tuesday noon luncheon of Hamlin Lions Club at the oil mill guest house.

Speaking on some of the projects and purposes of the BCD, Roland urged his hearers to co-operate with their talents and ideas to help promote progress and growth in the community.

After giving the background of the Chamber of Commerce movement, which had its beginning in Marseilles, France, in 1785, he declared that small towns like Hamlin are not competing with the larger cities, but "we can pool our interests and energies to make our community grow and prosper."

Roland pointed out that the BCD is not for the merchant and business man alone, because every person in the community has a stake in its future, and should be concerned about its progress.

Max Murrell was "railroaded" into the office of tall twister, to fill the office made vacant by Rev. Calvin Bailey, who moved to Bristol, Virginia, this week.

Orville D. Roland was transferred as a member of the club from the Fort Stockton club.

Guest at the Tuesday luncheon included two junior citizens, Mike Roland and Donnie Croan.

RETURN TO OKLAHOMA.

Mrs. Clyde Pearce and son, Jimmy of Ratliff, Oklahoma, returned home over the week-end after visiting with their daughter and sister, Mrs. Lonnie Binnicker, and Mr. and Mrs. C. R. Binnicker.

IF YOU ARE THE PROUD OWNER OF A 4 EYED, 2 HORNED, PINK & PURPLE ETHYL EATER, THEN YOU CAN OWN A STUDEBAKER-LARK AT 30 MPG-SEE BUVE-STANFORD.

POLLY NIXES CRACKERS No crackers, please, for this 30-year-old parrot named Polly. He (not she) goes for a he man type breakfast of scrambled eggs, toast and coffee daily, says his owner, Mrs. Beulah Gimmie of Houston. He's a bird of many words and only one of them naughty, also says the owner.

Law Regulating Mud Flaps Being Enforced

Enforcement of a new Texas state law requiring "mud flaps" on the rear of dual-wheeled vehicles at all times began Monday, August 10, it was announced this week by Colonel Homer Garrison Jr., director of the Department of Public Safety.

"Our patrolmen have been instructed to start filing complaints for violations of this law," Garrison said. "We feel commercial vehicle operators have had sufficient time in which to comply with its provisions."

The law which formerly applied only when the pavement was wet, now requires protective flaps on the rear of certain vehicles to protect drivers back of them. It was passed by the fifty-sixth Legislature.

See The Herald for paper clips

Desmond Payne Has Major Eye Surgery

Mr. and Mrs. B. C. Payne returned home first of the week from Memphis, Tennessee. They were accompanied by their grandchildren, Linda and Paul Payne, who will spend several weeks in the Payne home. Also accompanying the Hamlin group was Grover Sipe.

The Paynes were with their son, Desmond Payne, and family. Desmond underwent major eye surgery at Suffolk, Virginia, and is doing nicely.

SCRIPTURE FOR IT.

A grandmother was remonstrating with the small boy about the way he said his prayers. "You don't have to shout," she protested. "God can hear you."

"But, grandma," the lad declared, "it says 'holler' he thy name."

Hamlin Memorial Hospital Notes

Patients admitted to the Hamlin Memorial Hospital since last week's report in The Herald have included: Mrs. Jack Morton of Roby, August 2; Cleon Warner, medical, August 2; M. E. Waggoner, medical, August 2; Beth Christian, medical, August 1; Mrs. S. Rivera, ob., August 1; August Stremmel of Sagerton, medical, August 3; Mrs. A. L. Josey of Sylvester, medical, August 3; Mrs. Billy Freeman, surgical, August 2; Mrs. Don Allen, ob., August 4; Mrs. A. B. Barnett of Aspermont, surgical, August 4; Nettie Turner of Swenson, medical, August 4; Hollis Head of Roby, medical, August 4; Lorenzo Lopez, medical, August 4; Martha Terry of Roby, medical, August 2; W. H. Cranford, medical, August 6; Barbara Crouch, medical, August 6; W. H. Cranford Jr., medical, August 6; Mrs. C. R. Faulkenberry, medical, August 5; Mrs. Miller Harmon, medical, August 6; Arlene Forbes of Longworth, medical, August 6; Tom Mehaffey of Sylvester, medical, August 3; Rene Gonzales, medical, August 4; Lana Pool, surgical, August 7; William Thomas, medical, August 7; Mrs. Gordon Smith, medical, August 5; Mrs. Ray Gilley of Swenson, medical, August 5; B. Middleton, medical, August 3; Mrs. W. C. Jackson of Abilene, medical, August 7; Mrs. Pete Nunez, medical, August 7; Nancy Gonzales, medical, August 7; Debbie Langford of Anson, medical, August 7; Rene Gonzales, medical, August 8; Russell Daniel of Sweetwater, August 8; Mrs. E. S. Williams of Sylvester, medical, August 8; Mrs. Eldon Prescott of Aspermont, medical, August 8; Mrs. Arnold Herd, medical, August 7; Mrs. John Brown Jr., medical, August 7; Mike Terry of Roby, medical, August 8; James Allen Young, medical, August 9.

Patients Dismissed—Mrs. H. A. Kiker, August 6; Cliff Reynolds Sr., August 3; Barbara Crouch, August 1; Mrs. Russell Daniel, August 3; C. G. Green, August 3; L. L. Houseworth, August 3; Mrs. Tommy Richey, August 7; Jimmy Bellah, August 3; Gary Don Maberly, August 3; Mrs. J. W. Patterson, August 4; Mrs. V. R. Bond, August 4; Mrs. A. B. Maynard, August 4; Mrs. Tull Newcomb, August 8; Mike Terry, August 4; Mrs. Jack Morton of Roby, August 4; M. E. Waggoner, August 8; Beth Christian, August 5; Mrs. S. Rivera, August 6; Mrs. A. L. Josey of Sylvester, August 7; Mrs. Billy Freeman, August 7; Mrs. Don Allen, August 7; Nettie Turner of Swenson, August 5; Hollis Head of Roby, August 6; Lorenzo Lopez, August 6; Martha Terry of P. by, August 7; Mrs. C. R. Faulkenberry, August 8; Mrs. Miller Harmon, August 8; Tom Mehaffey of Sylvester, August 7; Rene Gonzales, August 5; William Thomas, August 7; Lana Pool, August 8; Mrs. Gordon Smith, August 8; Mrs. Ray Gilley of Swenson, August 8; Mrs. Arnold Herd, August 9.

SPORTS WRITER HONORED—Harold Ratliff, Associated Press sports writer (left), receives the Sports Writer of the Year award from Gordon Wood, president of the Texas High School Coaches Association, meeting last week in Fort Worth.

New Laws Affecting Hauling of State Small Grains in Effect, Says Official

Several laws that will affect the hauling of small grains away from the farm were called to the attention of farmers and truckers this week by Captain C. W. Bell of the license and weight service of the Texas Department of Public Safety.

Captain Bell called attention to a new law that became effective May 30, 1959, that will have considerable bearing on owners who plan to transport seasonal agricultural products this coming season. This new law permits owners of commercial motor vehicles, truck-tractors, trailers or semi-trailers who are transporting their own seasonal agricultural products to market, or to other points for sale or processing, the owner may, by paying an additional fee, receive a short term permit allowing him to haul loads of larger tonnage, not to exceed the gross or legal axle weight limitations, for a limited period of less than one year. These permits may be obtained for periods of three, six or nine months by making application to the county tax collector of which the owner is a resident.

State Department of Public Safety Cited For Safety Records

Governor Price Daniel has commended Colonel Homer Garrison Jr. and the Department of Public Safety on winning the Texas Safety Association's state agency fleet contest award for the fourth consecutive year.

The governor and Colonel Garrison received from TSA General Manager J. O. Musick the certificate of award denoting the outstanding record for safe driving set by the department's 1,031 vehicles during the calendar year 1958.

The TSA award noted that the department's 1,031 vehicles traveled a total of 30,604,097 miles in 1958 with only 169 accidents, none involving a fatality. Of these 15 per cent involved damage of less than \$25, but the count included every accident, even the so-called minor accidents, regardless of where they occurred.

GOOD SAMARITAN.

A red-faced man was struggling to change a tire, while a woman looked on. A kind-hearted motorist drove up behind the stalled car, stopped and said:

"Pardon me, but can I be of any assistance?"

The man laid down his tire tool, and taking the new arrival by the arm, he walked him out of earshot of the woman.

"You certainly can help me, friend," the man replied thankfully. "My wife here has very decided views as to how this job should be done. If you will talk to her and divert her attention until I get this tire changed, I'll be eternally grateful to you."

Fred Smith Renamed Director for WTCC

Fred E. Smith, manager of the Rockwell Brothers lumber yard in Hamlin, was named this community's director to the West Texas Chamber of Commerce recently for the coming year. He has been director for several years.

Smith was nominated by a committee composed of L. E. (Gene) Prewitt, Fred B. Moore Jr. and Willard Jones. His nomination has been certified by the WTCC offices in Abilene.

False Teeth for Cows Hailed as Boon For More Production, Says Burleson

Dr. Ward Necomb, a Nebraska dentist, has successfully fitted cows with steel false teeth, reports Congressman Omar Burleson of Anson in his weekly news release to The Herald. His letter continues:

After some period of experimentation, it is found that the cow with good teeth will live longer and produce more.

Breeding cows beyond eight or nine years of age usually become unproductive. After their teeth are worn down to the gums by constant cropping of tough grass, they find it hard to live and do well. This is the case in the Western Plains area.

In easier, more lush areas of the East cows live longer and produce calves up to the end of their lives.

Dr. Necomb devised a set of false teeth with crowns of stainless steel that can be lined with cement and crimped down around a cow's old teeth.

Since cows grazed on more plentiful and more lush grass are known to live and produce up to 16 to 20 years of age, possibly the productive life of these in the more arid areas can be prolonged.

A proposal has been made by Senator John Stennis of Mississippi for the creation of a 12-man Agriculture Policy Commission to make a thorough study of farm programs and recommend new legislation.

Ordinarily, a commission or a committee is a place to bury problems, but certainly in this instance something is needed.

The Congress, the administration and farm organizations have floundered through months of futile squabbling over farm problems, chiefly because there is no well defined policy for guidance.

Senator Stennis says he is convinced that, if we do not come up with a more realistic program, which would meet certain objectives and at less cost to the taxpayers, our agriculture program as we know it today is doomed to greater criticism and eventually complete collapse.

A new and powerful "United States of Europe" is taking shape and is already having noticeable impact on the economy of America.

The United States is still tied to domestic and foreign economic policies that are based on the worn-out idea of a weak Western Europe that cannot survive in freedom without the aid of American dollars.

France, Germany, Belgium and Holland have formed a solid industrial power that is already beating the United States, not only in foreign markets but right here at home.

England has also bolstered her economy, by American gifts grants and loans, and at the same time giving American producers a tough time at home and abroad Japan is doing the same.

The result is that the United States is heading toward economic decline while nations we are aiding are following policies leading to greater solvency and renewed world power.

This stepped-up competition is causing the outflow of American gold to other countries. The value of the American dollar has not only shrunk at home but also abroad. Even the Russians want to get on the gravy train.

From all indications, other countries in Europe will in the near future band together in an economic alliance as a part of the United States of Europe. Italy, and probably Spain and Portugal, will be added to the Western European economic alliance.

The advantage of such an economic bloc in Europe is not entirely tied to cooperation between these nations. Lower labor cost is a big factor in producing cheaper goods to compete with the United States.

Our "higher standard of living" is pricing us out of the world market. Too long we have thought of ourselves as being dominant and indispensable to the rest of the world.

NORMAL POSE.

A father and son were posing for a picture at the time of the young man's graduation from college.

"Stand a little closer to your father," said the photographer to the boy, "and put your hand on his shoulder."

"I think it would be more appropriate," said the father, "if he stood with his hand in my pocket."

Everything comes to him who waits on himself.

Funds from Jones County Help Provide New Worker for Rehabilitation Center

West Texas Rehabilitation Center in Abilene this week announced the employment of Mrs. Walter Spill in the position of field representative and case worker. The duties of Mrs. Spill will be to serve as coordinator between the therapists and the parents on some programs. She will travel to the homes of all the patients throughout the area to check the patients' home program as set up by the therapists at the center. The new worker will also be in charge of all case histories and the obtaining of necessary information in regard to the background of new patients.

Mrs. Spill comes to the West Texas Rehabilitation Center highly recommended after experience in the Montgomery County Welfare Department of Montgomery, Alabama, and the Veterans Ad-

ministration in Biloxi, Mississippi. She is a native of Biloxi, Mississippi, and received her secondary education there. Mrs. Spill received her BA in sociology at Huntingdon College in Montgomery, Alabama. She is the wife of Walter A. Spill, prominent Runnels County farmer, and they make their home in Winters, with their four children.

A portion of the funds for the salary of the new case worker was provided for by grants from the Taylor County chapter and the Jones County chapter of the National Foundation.

West Texas Rehabilitation Center is an out-patient rehabilitation center which treats all physically handicapped regardless of race, creed or financial circumstances. There is no charge for any treatment, and the only requirement for admission is that a patient be referred to the center by a member of the American Medical Association. A number of Hamlin people, including several children, have been treated at the center, located near the KRBC radio and TV station.

Besides the new case worker, the rehabilitation center has two physical therapists, two occupational therapists, two speech therapists, three classroom teachers, an audiologist, a psychometrist, a secretary, a physical therapy aide, a maid and a maintenance man.

LESSER EVIL

The superintendent's boy, Johnny, told his mother he wanted to become a preacher.

"Why, Johnny," said his mother, "that's wonderful. What made you decide that?"

Johnny shrugged. "Well, I've got to go to church all my life anyway, and I think it's harder to sit still and be quiet than to stand up and holler."

Some people always are seeking more happiness when they really use only a small part of what they have.

LOOKING AHEAD—Bewteen games on Texas Tech's 1959 schedule, Coach DeWitt Weaver (inset) could be excused for watching construction on the Jones Stadium expansion to 40,000 capacity by 1960, when the Red Raiders first compete for the Southwest Conference football championship. Following this season, the present east stands will be moved back 200 feet, the field will be excavated 30 feet, and the ensuing slopes lined with seats. The press box and improvements under the west stands will be ready for the 1959 season, and athletic offices will be completed during the winter.

Texas Tech's 1959 Schedule		
Sept. 19—Texas A&M	at Dallas (N)	
Sept. 26—Oregon State	at Lubbock (N)	
Oct. 3—Tulsa	at Lubbock (N)	(Band Day)
Oct. 10—Texas Christian	at Lubbock (N)	(Dads' Day)

Reba Fay Roland to Get Degree at NTSC

Reba Fay Roland of Hamlin is one of more than 400 seniors who have applied for bachelor degrees to be awarded in summer commencement exercises at North Texas State College of Denton on August 21.

Graduation ceremonies are scheduled to be held at 8:00 p. m. in Fouts Field.

Miss Roland, daughter of O. D. Roland, 153 North Central Avenue, is a candidate for the bachelor of business administration degree in business education.

It not only costs more than ever to be born and to be buried, but the interim expenses also are much higher than they used to be.

ARMY MAN VISITS.

Private Lonnie Binnicker of Fort Benning, Georgia, is spending a two-week furlough with his wife, Mrs. Lonnie Binnicker, and parents, Mr. and Mrs. C. R. Binnicker. Lonnie will leave August 26 for duty in Germany.

OFF FOR VACATION.

Mr. and Mrs. James E. Simmons left Tuesday for Gull Lake, Minnesota, for a vacation. They were to join Mrs. Simmons' brother, Gene Smyers of Fort Worth, and his family at Pleasant Pines resort.

CARPENTERS HAVE GUESTS.

Mr. and Mrs. C. D. Niehaus and son, Keith, of El Paso visited in the home of Fred Carpenter over the week-end. Mrs. Niehaus is a niece of Mrs. Carpenter.

Better Seeds Exhibits To Be Fair Features

A new team of professional workers made up of plant breeders, research scientists and seed growers is changing the scenery down on the farm.

The way the team is moving greenery around to substitute new varieties, strains and hybrids for old staple crops is putting greenbacks into the pockets of farmers, cattlemen and businessmen.

The story of "Better Seeds for Better Living" will be depicted in the big agriculture show at the 1959 State Fair of Texas, October 9 to 25 in Dallas, in exhibits created jointly by the Texas A. & M. College System and the fair.

The Herald has carbon paper.

Internal Revenue Looking for Folks Due Tax Refunds

Believe it or not, the U. S. Internal Revenue Service is looking for 4,000 taxpayers in the Dallas district with some good news for them.

Uncle Sam, in the form of the Dallas District of Internal Revenue Service, has thousands of dollars in the form of refund checks which rightfully belongs to Dallas district taxpayers.

These are checks left over from the recent filing period. The checks, ranging from \$1 to \$4,000, have been returned in the mail for lack of proper address.

Ellis Campbell Jr., director of the Dallas district, announced the figures this week in kicking off "Operation Remail."

He said a group of his employees have been searching telephone directories, contacting employers and attempting through other sources to find the correct addresses of the taxpayers to whom the refunds are due.

Now Director Campbell is asking taxpayers to do themselves and his office a favor. In an appeal to readers of The Herald, he said:

"If you are entitled to a refund check on the tax return you filed this year and have not received a letter from the Internal Revenue Service advising you that your return is being examined, then write me at 2101 Pacific Avenue, Dallas 1, Texas, or call RT 8-5611, extension 2572."

"When writing or calling, a taxpayer should state his or her name and address exactly as it appears on his or her return," Campbell said.

"Your social security number and the amount of the refund also will be helpful," he said.

Area Youths Will Attend Camp Next Week at Lueders

District 17 Baptist youth camp will be held at the Lueders Baptist Encampment August 17 to 20, and a number from the Hamlin area are expected to attend. The theme for the camp will be "Jesus Christ Is Lord."

Rev. Ed Crow, pastor of First Baptist Church at Cisco; Rev. Mart Hardin, pastor of First Baptist Church at Merkel; and Rev. M. D. Rexrode, pastor of First Baptist Church at Haskell, are the camp directors.

Other personnel include Rev. Jim Hester, pastor of the Bellaire Baptist Church in Houston, who will serve as camp pastor; Rev. Morgan Beech of Albany, teacher of Baptist doctrine class; Rev. Frank Dubose of Breckenridge, missions program director; Hank Keahey of Cisco, morning watch leader; Sammy Seifres of Hardin-Simmons University, music; and Rev. Crow will direct the recreation.

A well-planned program has been scheduled beginning at 6:00 a. m. with an early morning swim (optional), reveille at 6:30, followed by morning watch at 7:00.

REFUSES ORDER—Federal Judge T. Whitfield Davidson refused in Dallas to order integration of the public schools this fall as requested by the National Association for Advancement of Colored People.

The day's scheduled has a time for worship, fellowship, choir practice, conference, recreation, swimming, etc., with "lights out" at 11:00 p. m.

Each local church should have an adult sponsor for every seven young people attending. Ages 13 through young people age are invited. The cost is \$6.50.

If you want a place in the sun, you have to expect some blisters.

Farm Operators Must File for Fuel Tax Refunds Soon

Farm operators have until September 30 to claim a refund of the federal gasoline tax on gasoline used on the farm, according to Tom E. Prater, extension farm management specialist, in a release to The Herald.

The refund applies to the three cents-per-gallon federal tax on gasoline which was purchased from July 1, 1958, through June 30, 1959. Those who filed a claim for refund in 1958 will receive Form 2240 through the mail. Others who wish to make a claim should ask the Internal Revenue Service to send them one or secure it from the county agent's office.

The claim should be sent to the Office of the District Director, Internal Revenue Service, Austin or Dallas, Texas, depending on whether you live in the southern or northern part of Texas. Claims made after September 30 will not be paid and no more than one claim can be filed for the 12-month period, states the economist.

Farmers who file claims for refund should keep sufficient records to certify the accuracy of the refund claimed. The records should show the purchase dates, the gallons bought and the gallons used on the farm during the 12-month period. Also the gasoline used by custom operators doing custom work for a farmer should be recorded and can be included in the claim for refund, Prater notes.

Excise taxes paid on diesel fuel or special motor fuels for farm purposes can also be recovered. The farmer should ask the dealer to repay the taxes on the fuel bought. The dealer should be furnished a signed statement, showing the name and address of the purchaser, the date of purchase and gallons purchased, adds Prater.

JUST REPEATING.

One blistering hot day when they had guests for dinner, a mother asked her four-year-old son to say the blessing.

"But, mother, I don't know what to say," he protested.

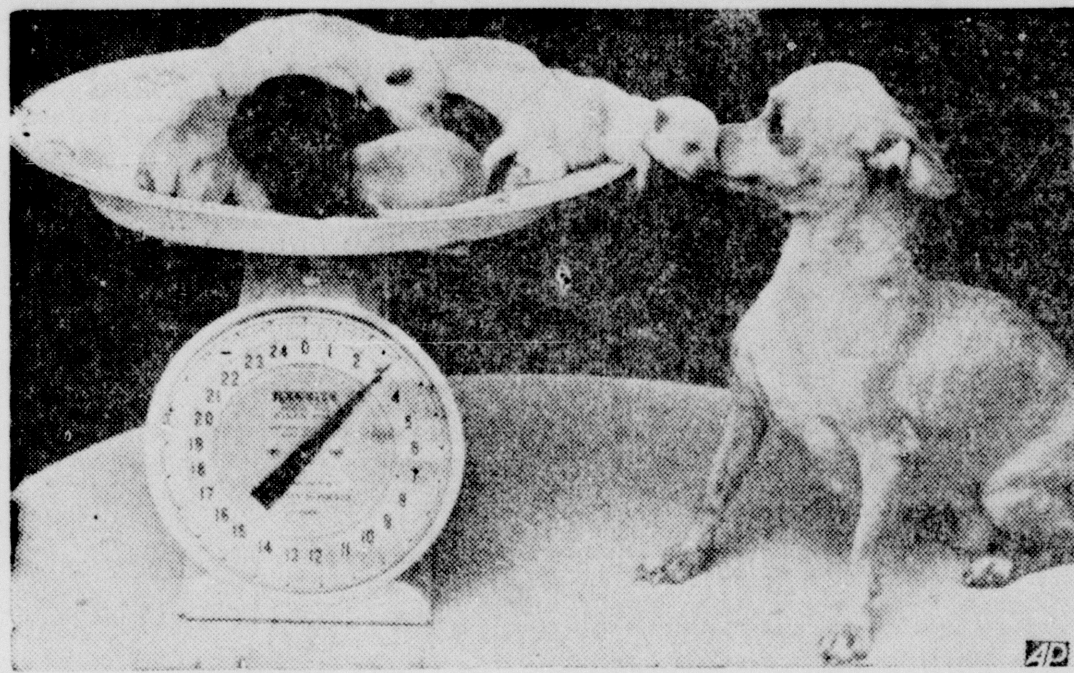

"Oh, just say what you've heard me say," she told him.

Obediently he bowed his little head and said, "Oh, Lord, why did I invite those people here on a hot day like this?"

REAL SURPRISE.

The theater usher was astonished to see a kangaroo sitting in the front row munching a bag of peanuts.

He whispered, "Where'd you get the peanuts? I thought the machine was broken."

SHE SHOULD BE PROUD—Pinkie, a five and one-half pound Chihuahua, nuzzles one of her eight puppies born in Beaumont a week ago. The pups weighed a total of one and three-quarters pounds at birth, and when the picture was taken tipped the scales at an even three pounds with their stomachs full of milk. They are being bottle fed to supplement the mother's milk. "Just too many of 'em for me to feed," says Ma.

Hamlin People Go to John Morrison Rites

Several Hamlin area people were in DeLeon Tuesday to attend the funeral of John Morrison, 91-year-old DeLeon resident, who died Monday.

Morrison was an Indian agent in Oklahoma in the 1880s and 1890s.

The veteran is survived by his wife, Mrs. Janie Morrison of DeLeon; a daughter, Mrs. Cleo Cox of Houston; one son, W. H. Morrison of St. Jo, Arkansas; and a step-son, W. B. Berry of Hamlin.

RETURN TO GRAPEVINE.

Mrs. Glenn Winslett and children, Tony and Linda, of Grapevine returned home Sunday after spending several days visiting Mrs. Winslett's parents, Mr. and Mrs. C. R. Binnicker.

REVERSED FOUNTAIN.

A friend drove his long, sleek car into a filling station, saying, "Fill 'er up."

After a while the filling station attendant suggested, "Better shut off your engine. You're gaining on me."

Freight Carloadings For Santa Fe Slump

Freight carloadings of the Santa Fe Railway System for the week ending August 1, 1959, were 21,260 compared with 22,340 for the same week a year ago, reflecting a decline. Cars received from connections totaled 9,915 compared with 10,114 for the same week a year ago.

Total cars moved were 31,255 compared with 32,534 for the same week a year ago. Santa Fe handled a total of 31,699 cars in the preceding week this year.

Handling Traffic On Road Projects Talked at Meeting

On July 21, bids were taken and a contract was let by the Texas Highway Department in Austin for the reconstruction of two farm-to-market roads in the Hamlin area. This contract included 10.8 miles of FM 126 from Noodle to Boyd's Chapel, and 2.6 miles of FM 707 from two miles south of Truby to 2.6 miles south. The contract was awarded to the low bidder, Cage Brothers of San Antonio.

Last Wednesday a pre-construction conference was held at the resident engineer's office in Anson, with representatives from Cage Brothers, the Texas Department of Public Safety and the Texas Highway Department present.

Purpose of this conference was to secure closer cooperation between the contractor, the Department of Public Safety and the Texas Highway Department engineering personnel concerning the handling of traffic safely through the limits of the construction areas. Traffic will be routed to the ditches through the actual area of construction, and there will be a 40-miles-per-hour speed zone in effect on these projects.

J. H. Dittmore, superintendent for Cage Brothers, stated that their construction plans called for the work to begin last Thursday, August 6, and their schedule calls

MIXED-UP GENERATION.

Two little girls came home carrying a box of dirt. The mother saw that they handled the box as though it contained some treasure.

"What's so special about the stuff you've got in that box?" she asked.

"Why, it's our new invention, mother," one replied. "It's instant mud-pie mix."

A thief in Tennessee stole two mattresses from a hotel storeroom. Police hope to catch him napping.

for an approximate construction time of three months.

W. O. Crawford of the Texas Highway Department gave a review of all signs and barricades called for by the governing specifications and plans. The entire job will be patrolled to minimize the inconveniences to the traveling public.

The public is requested to cooperate in obeying all warning signs and speed zones, says a release to The Herald.
